

# MultiVitamin Moisturiser Normal to Oily

A light non-greasy moisturiser to hydrate and protect

How to identify customers with Normal to Oily skin

- Looks shiny, especially in T-zone (forehead, nose and chin area)
- Visible pores
- Apparent blemishes

The Basics of any Skin Care routine

Whatever their skin type, encourage your customers to follow these simple steps for beautiful skin and use MultiVitamin Moisturiser for Normal to Oily Skin with the MultiVitamin Cleanser (SKU 2511) and MultiVitamin Toner (SKU 2513).

## 1. Cleanse

Cleanse your skin morning and night to get rid of dirt and grime and to reveal a clean complexion. Gently massage cleanser into your skin in circular upward movements. Rinse clean with warm water.

## 2. Tone

Lock in moisture by choosing the right moisturiser for your skin type. Dot moisturiser all over your face and work in gently using the finger tips, massaging the face and neck with upward strokes.

## 3. Moisturise

Lock in moisture by choosing the right moisturiser for your skin type. Dot moisturiser all over your face and work in gently using the finger tips, massaging the face and neck with upward strokes.

## Sun Protection

It's essential that whatever the weather, your customer chooses a moisturiser with daily sun protection. More than anything sun protection will help prevent the ageing of their skin. That's why MultiVitamin Moisturiser provides an SPF 15.

#2515

## Key Benefits

- Moisturises skin where needed
- Controls shine
- With SPF 15 for all day protection
- Leaves skin feeling soft and smooth
- For normal to oily skin
- With Vitamins A, C and E

## Key Ingredient Properties:

### Vitamin A

Helps improve moisture content and lift away dry surface cells.

### Vitamin C

A powerful antioxidant, vitamin C is a key component in collagen production. It has been shown to help reduce the appearance of blemished skin and support the natural defences of the skin.

### Vitamin E

Helps to protect the skin's moisture barrier and promotes the well being of the skin.

### Willowherb Extract

Works as a natural skin exfoliant to help unblock pores.

### Pheohdrane P

Derived from a marine source, provides long-term moisturisation.

### Azeloglicina

Regulates excess production of sebum. Hydrates while improving skin tone, texture and firmness.

## Ingredients

Vitamins A, C and E, Panthenol, Willowherb Extract, Pheohdrane P, Azeloglicina, Clover Extract

USAGE: In the morning, gently massage onto skin after cleansing and toning. Apply before exposure to sun.
