

MultiVitamin Toner

Normal to Dry

A light refreshing toner to remove excess dirt and help reduce the appearance of pores

How to identify customers with Normal to Dry skin

- Dull surface appearance with dry skin patches
- Fine lines visible around the eyes and lips
- Skin feels tight and sensitive in harsh weather conditions

The Basics of any Skin Care routine

Whatever their skin type, encourage your customers to follow these simple steps for beautiful skin and use MultiVitamin Toner for Normal to Dry Skin with the MultiVitamin Cleanser (SKU 2510) and MultiVitamin Moisturiser (SKU 2514).

1. Cleanse

Cleanse your skin morning and night to get rid of dirt and grime and to reveal a clean complexion. Gently massage cleanser into your skin in circular upward movements. Rinse clean with warm water.

2. Tone

Immediately after cleansing, dampen a cotton wool pad with toner and skim over forehead, cheeks and neck, finishing with the crevices around the nose and chin, to remove excess dirt and refresh your skin.

3. Moisturise

Lock in moisture by choosing the right moisturiser for your skin type. Dot moisturiser all over your face and work in gently using the finger tips, massaging the face and neck with upward strokes.
